DAY 15 – VERBAL ABILITY & LOGICAL REASONING

Answer Key + Detailed Explanations

QUIZ DETAILS

Duration	8 Minutes
Questions	10
Passing Marks	50%
Negative Marking	None
Focus	Verbal Ability, Logical Reasoning, Analytical Thinking & Professional Communication

FINAL ANSWER KEY

Question	Answer
1	B)
2	B)
3	B)
4	B)
5	A)
6	B)
7	B)
8	C)
9	C)
10	C)

DETAILED ANSWERS & EXPLANATIONS

Q1. The instructions were so ____ that every candidate understood exactly what was required.

Correct Answer: B) explicit

Explanation: "Explicit" means clearly and directly stated, so it fits instructions that every candidate can understand. "Ambiguous" means unclear, "reluctant" describes unwillingness, and "temporary" describes limited duration.

Q2. Five students P, Q, R, S and T are standing in a row. P is to the left of Q. R is to the right of Q. S is to the left of P. T is to the right of R. Who is in the middle?

Correct Answer: B) Q

Explanation: The conditions give the order $S \rightarrow P \rightarrow Q \rightarrow R \rightarrow T$. With five students, the third position is the middle, so Q is in the middle.

Q3. Choose the grammatically correct sentence.

Correct Answer: B) Neither the employees nor the manager was aware of the change.

Explanation: With "neither...nor," the verb agrees with the subject closest to it. The nearest subject is singular "manager," so "was" is correct.

Q4. All analysts are careful. Some developers are analysts. Which conclusion definitely follows?

Correct Answer: B) Some developers are careful.

Explanation: Some developers are analysts, and all analysts are careful. Therefore, those developers who are analysts must be careful.

Q5. A company's customer complaints decreased after it introduced a new support system. Which conclusion is most reasonable?

Correct Answer: A) The new support system may have contributed to the decrease.

Explanation: The statement supports a possible contribution but does not prove that the support system was the only cause.

Q6. Choose the word closest in meaning to "diligent".

Correct Answer: B) Hardworking

Explanation: "Diligent" means showing careful and persistent effort. "Hardworking" is the closest meaning among the choices.

Q7. Four tasks W, X, Y and Z must be completed one after another. W must be before Y. X must be before Z. Which sequence is possible?

Correct Answer: B) X Z W Y

Explanation: This sequence satisfies both rules: X comes before Z, and W comes before Y.

Q8. A company requires every candidate who reaches the final interview stage to complete a technical assessment. Meena did not complete the technical assessment. What can definitely be concluded?

Correct Answer: C) Meena cannot be confirmed as having reached the final interview stage.

Explanation: Reaching the final stage requires completion of the technical assessment. Since Meena did not complete it, the information cannot confirm that she reached the final stage.

Q9. Which sentence is most appropriate for a professional email requesting an extension?

Correct Answer: C) Could you please consider extending the deadline by one day due to the additional work required?

Explanation: This is polite, specific and professional. It clearly states the requested extension without sounding demanding.

Q10. A team is deciding between two solutions. Solution A is cheaper but slower, while Solution B is faster but more expensive. What should the team do first?

Correct Answer: C) Compare both solutions against the project's cost, time and requirements.

Explanation: A sound decision should consider the project's constraints and requirements before selecting an option. Choosing only by cost or speed ignores other important factors.
